## **Department of Insurance, Financial Institutions and Professional Registration Overview**

Created in 2006, the department consists of the former Missouri Department of Insurance and the Divisions of Finance, Credit Unions and Professional Registration formerly within the Missouri Department of Economic Development. The department protects consumers through oversight of the insurance industry, financial institutions and licensed professionals.

The department organizational structure includes the director's office and seven divisions.

**Director's Office:** Charged with overseeing operations of the department. The director's office handles regulatory transactions, provides legal assistance to other divisions in the department and coordinates dissemination of department information to the public.

**Administration Division:** Responsible for department-wide administrative support functions—including accounting, human resources, budget and information systems. The division is also responsible for the licensing of insurance producers operating within the state as well as public adjusters, bail bondsmen, surety recovery agents, surplus lines brokers, motor vehicle service contract providers & producers and portable electronics insurance providers.

**Consumer Affairs Division:** Provides information about insurance to around 28,000 consumers each year through a statewide toll-free hotline and the department's website. In disputed insurance claims, the division acts as a liaison between the consumer and the insurance company. The division investigates complaints submitted by the public alleging unfair or unlawful acts committed by insurance companies and producers. The division also provides insurance education and outreach activities to Missouri citizens.

**Insurance Market Regulation Division:** Reviews in excess of 10,000 policy forms, rates, and other pertinent material filed by insurance companies each year to ensure those products' compliance with state statutes and regulations. Performs market conduct examinations of insurance companies to ensure equitable treatment of policyholders and determine compliance with the statutes and regulations of the state in the company's operations. The division's statistics section actively monitors the insurance marketplace through the collection and compilation of industry financial and claim data.

**Insurance Company Regulation Division:** Responsible for monitoring and analyzing the financial solvency of insurance companies licensed in the state. The division performs financial examinations of insurance companies to prevent insolvencies and to take the appropriate action against financially unsound or incompetently managed companies. The division also licenses and regulates captive insurance companies as well as certifies about \$203 million in premium taxes for collection by the state.

**Division of Credit Unions:** Responsible for the examination, supervision, chartering, merger and liquidation of Missouri's 121 state-chartered credit unions. The division also responds to consumer complaints against credit union services or operations. Missouri credit unions have approximately 1.2 million member and assets exceeding \$10.8 billion. Missouri ranks eighth in the nation in the number of state-chartered credit unions.

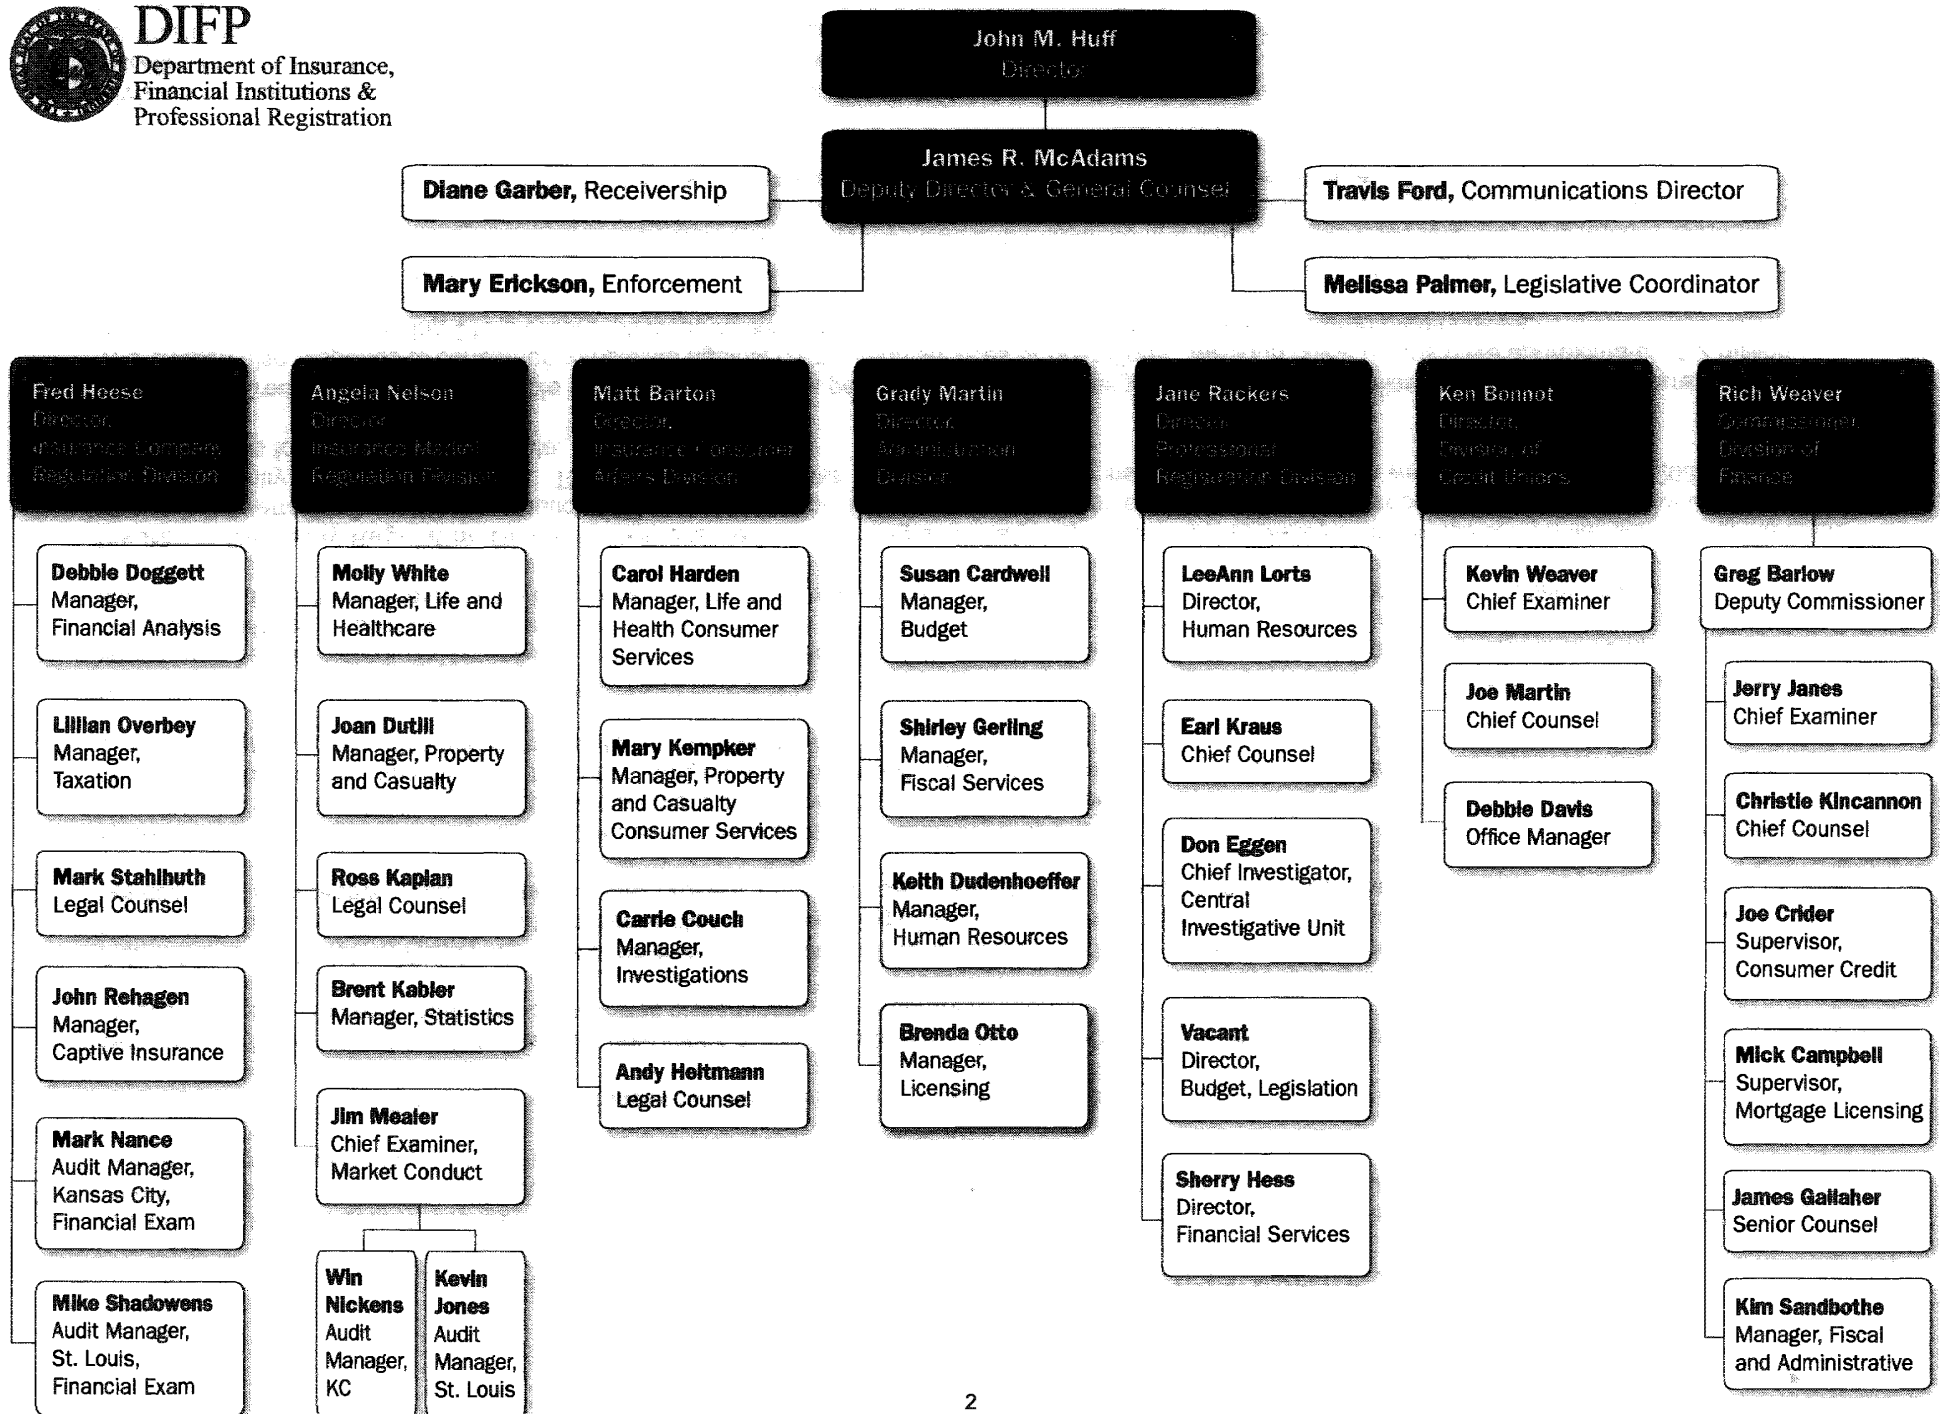

**Division of Finance:** Responsible for the incorporation and regulation of Missouri's 274 state-chartered banks, 6 non-deposit trust companies, and 6 savings and loan associations. The division also licenses and regulates consumer credit companies, credit services organizations, money order companies and mortgage loan originators. Primary objectives include ensuring the safety and soundness of these institutions and the monitoring of compliance with laws and regulations, thereby safeguarding the funds of depositors and maintaining public confidence in Missouri's financial system. Missouri ranks fifth in the nation in the number of state-chartered banks.

**Division of Professional Registration:** Responsible for supporting 40 professional licensing boards and commissions in licensing and regulating the activities of over 400,000 Missourians representing approximately 240 different trades and professions. The boards and commissions process applications, administer examinations and, when warranted, conduct investigations into possible professional misconduct and may take disciplinary action against the practitioner.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Department is seeing substantially higher filing volumes from the health insurance industry. The number of Missourians covered under state regulated individual health insurance products has increased by 39% since 2001; premium volume has increased by 255%. Due to the passage of Senate Bill 749, there will be an additional increase of health insurance policy form filings. Currently, insurance companies can make filings with variable provisions, meaning the provisions can be included or excluded based upon an insurance consumer's choice. Any combination of variable provisions in an insurance form can produce hundreds of different policy forms. The passage of Senate Bill 749 contains provisions which allow for civil suits to be filed against "a government entity, public official, or entity acting in a governmental capacity by any person or entity or group of persons or entities", for any persons aggrieved by a violation of Section 191.724. Section 191.724 provides that no person, employer or employee may be compelled to have health insurance coverage for abortions, sterilization or contraception. Due to the liability provisions in Senate Bill 749 for government agencies and employees, the complexity of insurance policy forms, and the need to determine that policies comply with Missouri law, the Department will have to limit the amount of variability in policy form filings to ensure compliance with Senate Bill 749. The Department estimates an additional 2,260 filings in a year, for the roughly 452 companies with an active license to write Accident and Health Insurance Coverage.

The Department's authority and/or requirement to review and approve all policy forms for group and individual health insurance policies issued or delivered in the State of Missouri can be found in Section 376.405 and 376.777 RSMo.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

In discussions with insurance companies, the Department has been advised any combination of variable provisions in a policy form can represent hundreds of different policies, in their final form. There are approximately 452 insurance companies with an active license to write Accident and Health Insurance. Only a portion of those companies would write policies subject to the provisions of Senate Bill 749. The Division anticipates an additional 2,260 filings each year. Each full-time analyst reviews approximately 500 policy form filings each year. This additional filing volume will necessitate the addition of at least three (3) new Insurance Product Analysts to fully implement the provisions of Senate Bill 749 and maintain the current workloads and review times. With the Department's exposure to civil liability, the Division anticipates the need for increased legal services necessitating the hiring of one additional attorney--a Senior Legal Counsel. Fiscal note response stated FTE and expenses could be needed.

This is 20 days from receipt of the filing to either the first objection generated to the filing insurance company or to the conclusion of the filing review. The Life and Health Section will treat these additional filings as other filings and will work to achieve and maintain a 20 day review turnaround time.

Senate Bill 132 passed in 2011 modified who may sell motor vehicle extended service contracts. The authorized employees of motor vehicle dealers, motor vehicle manufacturers, lenders, and other entities may sell such contracts. Business entity producers or individual producers licensed under the provisions of this proposal may sell such contracts. It requires individuals selling such contracts to become licensed with the department prior to selling, soliciting, or negotiating such contracts/products. The proposal establishes the statutory reasons for which the director may suspend or revoke a license to sell motor vehicle extended service contracts. Applicants disclosing or found to have a criminal history or some other event for which the department may seek refusal, revocation, etc. will be reviewed by the Investigations Section. Investigators have reviewed 148 applications since the enactment of SB 132; of which 78 were referred to legal. Due to the additional work mandated by this legislation, the Investigations Section will need to hire an additional Investigator II in order to ensure the additional duties are completed in a timely manner to protect Missouri consumers.

Investigators currently employed by the department in the Investigations Section can maintain an average of 750 investigative files at any given time. Employees assigned greater than that average typically cannot devote the amount of time and effort to each file that is needed in order to fully conduct an effective investigation. To implement the new authority, of SB 132, the division is requesting One Investigator II to ensure the additional duties are completed in a timely manner for protection of Missouri consumers. This FTE will assist in the additional work mandated by this legislation. Fiscal note response stated FTE and expenses could be needed.

The number of captive insurance companies has grown significantly from 2 captive insurers in 2007 to 23 as of July 2012 and its expected that by December 2012 this number may exceed 30. Each new captive licensed brings positive revenue generation in the form of fees, taxes and jobs for Missourians. The work load related to licensing and regulating captive insurance companies has expanded as well, an additional FTE is needed to provide appropriate regulation of the Missouri captive industry. Adequate regulation will help ensure that Missouri remains an attractive location for companies to form their captive.

Currently there is one financial analyst for the 23 licensed Missouri captives. It's expected that this number may exceed 30 by the end of 2012. Based on current work load the captive program manager has frequently been required to assist the financial analyst to complete all assignments timely. This takes away from the time available to the captive program manager to promote the captive program. Providing adequate timely regulation is important to continued growth of the captive program. Based on discussions with other states, most domiciles average one analyst per 25 captive insurance companies. This is a highly specialized professional level analyst position and it requires the qualifications of an insurance analyst specialist. The funding will come from the fees collected from captive insurance companies.

<b>2. CORE DESCRIPTION</b>									
<p>The Insurance Examiners Fund serves as a revolving fund to collect fees assessed and to pay expenses of insurance company examinations. The department conducts both financial and market conduct examinations. Financial examinations ensure insurance companies have sufficient reserves to pay consumer claims and consumers have access to affordable insurance coverage. Market conduct examinations of insurance companies serve to verify that policyholders and beneficiaries receive the full benefits from the contracts they and the insurer have agreed to. Since many of the insurance companies examined have physical locations outside of the state, department examiners must go to these locations to examine company records. The expenses of these examinations are billed to the companies examined. The costs assessed to the companies for examinations can be taken as credits against the company's premium tax payment to the state of Missouri.</p>

<p>The Division of Credit Unions is the regulatory agency responsible for the examination, supervision, chartering, merger and liquidation of all state-chartered credit unions. The division also responds to consumer requests or complaints about credit union services or operations. The division is an accredited agency through the National Association of State Credit Union Supervisors (NASCUS), and all member deposits are insured by the National Credit Union Administration (NCUA), an agency of the federal government. The division is statutorily required to conduct examinations at least once every 18 months on qualifying state-chartered credit unions. Examinations are conducted to ensure the safety and soundness of credit unions and to ensure compliance with applicable rules, regulations and statutes. The division proactively performs off-site monitoring on an ongoing basis to assist in identifying increasing risk. Credit unions incurring problems, whether financial, operational or in compliance areas, receive increased attention which may come in the form of enforcement actions. The Division of Credit Unions currently regulates 121 credit unions with assets exceeding \$10.8 billion. Missouri is ranked eighth in the nation in the number of state-chartered credit unions. There are approximately 1.2 million members of Missouri credit unions.</p>

<b>2. CORE DESCRIPTION</b>									
<p>The Division of Finance is responsible for the regulation of state-chartered financial institutions in Missouri to ensure a sound banking system and protect depositor's funds. The health and vitality of Missouri's banking industry is critical to the state's economic well-being. Bank failures have a negative impact on a state's economy and threaten the public's confidence in the banking system. It is important that Missouri citizens have confidence that the money deposited in the state's financial institutions is safe. The Division of Finance helps to ensure the safety and soundness of Missouri's financial institutions through the chartering and regulation of state chartered banks, trust companies, and savings and loan associations. The division also licenses and regulates consumer credit companies, credit service organizations, money order companies, residential mortgage brokers, and loan originators. Statutes require that each state bank, trust company, and savings and loan association be examined for safety and soundness at least every 18 months. Consumer credit companies as well as banks are examined periodically for compliance with statutes and regulations governing finance charges, credit insurance fees, etc.</p>

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Division of Finance is requesting an increase to Personal Service appropriation to fund future examiner and professional staff promotions. Section 361.170 RSMo requires the director of finance to maintain an equitable salary schedule for all Division employees. Such schedule shall allow for a comparison of state examiner positions with similar examiner positions at federal bank regulatory agencies. While the statute allows division employees to be compensated up to 90% of our federal counterparts, senior examiner positions are compensated at approximately 60% of our federal counterparts. The division's current personal service appropriation will cover the costs of anticipated promotions in FY2013; however, payroll projections indicate the division's personal service appropriation will not adequately fund promotions in FY2014 and FY2015.

The division's current personal service appropriation will cover the costs of promotions in FY2013; however, payroll projections indicate the division's personal service appropriation is \$496,825 less than what is needed to fund promotions during FY2014 and FY2015. Therefore, the division is requesting to increase our personal service appropriation by \$496,825 to fund future promotions over the next two fiscal years.</p>

Division of Professional Registration

Real Estate Appraisers Compliance DH# 1375007

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Division of Professional Registration is requesting 1 FTE and personal service for a legal counsel position that will be dedicated to the Missouri Real Estate Appraisers Commission.

The Appraisal Subcommittee of the Federal Financial Institutions Examination Council (FFIEC) was created on August 9, 1989, pursuant to Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989. The Appraisal Subcommittee oversees the real estate appraisal process as it relates to federally related transactions in Title XI.

In the past the Missouri Real Estate Appraisers Commission has been found to be non-compliant with the Appraisal Subcommittee's Policy Statement which states that "States should resolve all complaints filed against appraisers within one year, except for special documented circumstances, which are listed below. (Title XI section 1118 (a), 12 U.S.C. 3347; ASC Policy Statement 10E.)"

The department and the Missouri Real Estate Appraisers Commission are dedicated to meeting the one year deadline as set by the Appraisal Subcommittee and believe an in-house counsel dedicated to Missouri Real Estate Appraisers Commission representation will facilitate meeting those requirements. This new position would be responsible for litigation and general counsel duties primarily for the Missouri Real Estate Appraisers Commission. This should result in the Missouri Real Estate Appraisers Commission being compliant with the Appraisal Subcommittee's 1-year requirement as stated above.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The Appraisal Subcommittee has the authority to withdraw certification from Missouri which would mean that Missouri appraisers could not perform work on "federally related transactions", which is defined broadly and would encompass nearly all Missouri real estate loan transactions. In August 2012 representatives of the Appraisal Subcommittee assessed the Missouri Real Estate Appraisers Commission's compliance, and will issue a preliminary report around the end of 2012. The Appraisal Subcommittee representative has indicated that due to Missouri's noncompliance with the one year deadline, they may accelerate the evaluation periods leading to earlier potential decertification. Missouri Real Estate Appraisers Commission may be able to avoid decertification by taking substantial steps toward resolving cases within the one year deadline. Therefore, the department is seeking one legal counsel FTE.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The existing PR licensure system (PROMO) is now approximately 12 years old. The age of the system, the lack of support for the system, the lack of customization options and the substantial timeframes required for adding new and necessary functionality has proven to be a hindrance to the implementation of required business requirements for the Division of Professional Registration.

The goal of this new decision item is to replace the existing licensure system (PROMO) with a purchased software package that allows for customization while allowing for the implementation of new features to meet the business requirements of the Division of Professional Registration.

The purpose of the new licensure system is to allow for greater efficiencies for the Missouri Division of Professional Registration, including all the respective boards, in providing licensing and regulatory functions while enabling all interested parties to use current technologies with self-service functionality for improved services.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The high level cost estimate for the project is \$1,900,000 over a two year period. Funding for this project will be provided solely by the Missouri Division of Professional Registration. This is based upon an estimate provided by ITSD when reviewing business requirements including but not limited to :

- The replacement licensure system will primarily be a purchased existing product that may or may not require additional customization in order to meet the business requirements for the Missouri Division of Professional Registration.
- The replacement licensure system will perform at least at the same level as the existing licensure system with anticipated enhancements using new technologies available that are not available with the existing license system.
- All existing system interactions will be maintained with minimal interruption and migrated into the new licensure system.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Missouri State Board of Accountancy is requesting 1 FTE as authorized by Chapters 326.286(6), 326.310(18) and (19), RSMo and 20 CSR 2010-4.031 for an Auditor II position that will perform investigatory functions.

- There has been an increase in workload demands of the office which have been a result of many factors including, but not limited to: increased complaints, increased audits, and additional regulatory requirements for example.
- In addition to growth in licensee numbers, complaints and audits have increased by more than 100% since 2006.

**NEW DECISION ITEM**  
**RANK: 11 OF 11**

<b>Department of Insurance, Financial Institutions and Professional Registration</b>	<b>Budget Unit 42650C</b>
<b>Division of Professional Registration - State Board of Accountancy</b>	
<b>Compliance and Training Enhancements</b>	<b>DI# 1375005</b>

Pursuant to Chapter 326.271, RSMo the Missouri State Board of Accountancy requires the completion of continuing professional education (CPE) to renew a certified public accountant (CPA) license and 20 CSR 2010-4.010 gives the minimum amount and type of CPE that must be completed by the CPA. The board requires 2 hours of ethics to be completed each year.

- In order to provide a service to state licensees and to improve CPE compliance, the Missouri State Board of Accountancy will provide 2 hour jurisprudence ethics courses in St. Louis, Kansas City, Columbia, Cape Girardeau, and Springfield each year at no cost to licensees.
- Based on costs observed from other overnight travel and training, it is estimated that the cost would be approximately \$6,000 per training session for travel, meeting rooms, and published materials for the jurisprudence ethics training at each location.
- Consequently, the board's E&E appropriation will need to be increased by \$30,000 to accommodate the training costs.

Pursuant to Chapter 326.265.2, RSMo the Missouri State Board of Accountancy may employ legal counsel and incur such expense as in its judgment shall be necessary to the effective administration of Chapter 326, RSMo.

- There has been an increase in the number( increased by 50 complaints to legal counsel), type(CPA cases are highly complex involving complex accounting standards and tax laws) and complexity (complex financial and entity transactions) of the board's investigative complaints against certified public accountant (CPA) licensees, CPA certificate holders, and CPA firms.
- The total legal expense's has increase from \$58,064 in FY 2009 to \$92,544 in FY 2011.
- Consequently, the boards E&E appropriation now needs to be increased by \$30,000 to accommodate the expected legal expense increase.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

- The board has utilized a temporary employee for compliance audits and complaint investigations since March 2007 for 1,000 hours each year. In 2007, there were 100 compliance audits and 77 complaints opened. The compliance audits and complaints have increased by more than 100% in this same timeframe. As a result of the increased workload, there are times that investigations have taken 6 months to 3 years due to the scope of the investigation coupled with a lack of board resources. The board has tried various solutions to reduce the length of time it takes to complete an investigation. Based on some of the telephone calls the board has received from the complainants indicating that they are discouraged with the length of the investigative process, it would improve public perception to have sufficient staff to improve the process.

• Based on costs observed from other overnight travel and training we estimated it would cost approximately \$6,000 for travel, meeting rooms and published materials for the jurisprudence ethics program at each location

• The estimate was based on current legal expenditures and estimated future outlays.

**6d. Provide a customer satisfaction measure, if available.**

The training attendees will be surveyed to ascertain their satisfaction with the jurisprudence CPE.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

- The additional appropriation for legal expense will be used to timely pay our ever increasing legal costs due to increased numbers of cases needing legal action, the increased complexity of accounting regulations, standards and tax laws needing legal analysis and pursuing the legal protection of the public via properly administering Chapter 326 and the boards regulatory responsibilities.
- The additional appropriation for CPE training will be used to provide free ethics jurisprudence CPE 2 hour training sessions in St. Louis, Kansas City, Columbia, Cape Girardeau and Springfield. As ethics CPE is mandatory for renewal of licenses, the board believes that a free ethics program will be well received. The program will allow the board to make sure that the licensees understand Chapter 326 and the accountancy rules that they must comply with to maintain their CPA license, certificate, and/or firm permit.
- The additional appropriation for the new Auditor II FTE would allow the office to be restructured and the workload redistributed. The new position would assist with the CPE compliance audit, complaint investigation, work closely with the senior auditor and participate in complaint committee meetings by presenting investigations to the board for decisions. In addition, they would provide support to other staff answering license questions regarding complaints and more complex licensing issues. The restructuring of the office and various work activities of the Auditor II would allow the office to be more efficient and effective in its regulatory responsibilities pursuant to Chapter 326.

<b>2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>The Department is seeing substantially higher filing volumes from the health insurance industry. The number of Missourians covered under state regulated individual health insurance products has increased by 39% since 2001; premium volume has increased by 255%. Due to the passage of Senate Bill 749, there will be an additional increase of health insurance policy form filings. Currently, insurance companies can make filings with variable provisions, meaning the provisions can be included or excluded based upon an insurance consumer's choice. Any combination of variable provisions in an insurance form can produce hundreds of different policy forms. The passage of Senate Bill 749 contains provisions which allow for civil suits to be filed against "a government entity, public official, or entity acting in a governmental capacity by any person or entity or group of persons or entities", for any persons aggrieved by a violation of Section 191.724. Section 191.724 provides that no person, employer or employee may be compelled to have health insurance coverage for abortions, sterilization or contraception. Due to the liability provisions in Senate Bill 749 for government agencies and employees, the complexity of insurance policy forms, and the need to determine that policies comply with Missouri law, the Department will have to limit the amount of variability in policy form filings to ensure compliance with Senate Bill 749. The Department estimates an additional 2,260 filings in a year, for the roughly 452 insurance companies with an active license to write Accident and Health Insurance Coverage.</p> <p>The Department's authority and/or requirement to review and approve all policy forms for group and individual health insurance policies issued or delivered in the State of Missouri can be found in Section 376.405 and 376.777 RSMo.</p>

**3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? How many positions do the requested FTE equal and for how many months do you need the supplemental funding? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)**

In discussions with insurance companies, the Department has been advised any combination of variable provisions in a policy form can represent hundreds of different policies, in their final form. There are approximately 452 insurance companies with an active license to write Accident and Health Insurance. Only a portion of those companies would write policies subject to the provisions of Senate Bill 749. The Division anticipates an additional 2,260 filings each year. Each full-time analyst reviews approximately 500 policy form filings each year. This additional filing volume will necessitate the addition of at least three (3) new Insurance Product Analysts to fully implement the provisions of Senate Bill 749 and maintain the current workloads and review times. With the Department's exposure to civil liability, the Division anticipates the need for increased legal services necessitating the hiring of one additional attorney—a Senior Legal Counsel. Fiscal note response stated FTE and expenses could be needed.
